

"Randy,

It didn't take long for us to know that you were the perfect builder for us. You made our building project so manageable with your understanding, care, and concern. That is a quality that not many builders have. Thank you for making this house, now our home, the beautiful place that it is. The best to you and your future projects."

---

"All I have can say is one Big Thank You! You and your crew did it. You made our dream come true-boy did you! Again, Thank you for a wonderful house/home and a great friendship."
